Here is the perfect introductory book to Catholic social teaching. It covers not only the official documents and encyclicals but also gives a sense of the movements and people who embodied the struggle for social justice in the last 100 years. In each chapter the author surveys pertinent encyclicals and pastoral letters, giving the context, content, and a brief evaluation of the movements present at that time.

This excellent and informative resource traces the steps of some of the key social movements in the Catholic Church by focusing on the people behind the movements. Highly recommended for high school seniors and introductory level college students. Also for all who are interested in Catholic Social Teaching.
