Chosen by the readers of US CATHOLIC as one of the top seven most influential books on the Christian life for today's people.

For students in theology at every level, this presentation of the substance of Rahner's theology of grace will be a valuable asset. Written in "plain English" with distinctive sense line style, this book helps students grasp the power and poetry of grace, as well as the systematic theology.

Here we discover anew the grace-filled heart of the Lord, in stirring sense-line style. Preachers will find in this book new avenues of inspiration and storytelling to enrich their ministry of pointing out moments of grace in the scriptures. Teachers will learn a new and vital way to pass on the tradition of grace, in all its beauty and mystery. Ministers of healing will discover in these verses a sensitive and curative way to touch the wounded with the power of God. And all readers will rediscover the power and beauty of God's grace.
