

Let Us Pray

In the name of the Creator God,
and of Jesus Christ,
and of the Holy Spirit. Amen.

THE SECOND STEP

Turn your heart toward God.

Lord, God, you know my heart and mind,
and you lead me down the pathways of life.
Now be with me in this second step
as I sort out my Core Priorities
and come to grips with what's important.
Instill within me a love of wisdom
and the insight to really see clearly
the purpose of my own life and how I am to live.

Pause to consider quietly how God is touching you.

So many distractions crowd into my life, O Lord,
that it's sometimes difficult to hear your voice.
Open my ears and my heart
and guide my thoughts in this step of my journey.
As a tree comes to know its purpose
and grows to its full height and beauty
only by following that purpose,
so lead me now to do the same.
Grant me, I pray, the desire to be my truest self
and to follow only my inner Guide. Amen.

Now turn to the second step and continue your journey.
